

April 2, 2025

Jennifer Tran, Assoc Engineer
City of Corona - Public Works
400 South Vicentia Avenue
Corona, CA 92882

Dear Ms. Tran,

The conveyance of easements for the Sherman well site was recorded in April 2018. We later learned that Caltrans would not accept the easement conditions to remain over properties later conveyed to Caltrans.

Consequently, we are asking that the City of Corona quitclaim their interests conveyed to them on April 2018 to RCTC. This would vacate all easement and access interests to the property allowing RCTC to complete its responsibilities to Caltrans. In exchange, RCTC has placed, in staff hands, a conveyance signed by RCTC to convey a fee interest in the land chosen as a City of Corona Well Site over land once held as an easement interest.

Thank you for your cooperation in this matter.

Sincerely,

A handwritten signature in black ink that reads "Roy guinaldo".
