## REQUEST FOR CITY COUNCIL ACTION

### SUBJECT:

ORDINANCE AMENDING CHAPTER 3.08 OF THE CORONA MUNICIPAL CODE TO UPDATE THE CITY'S PURCHASING REGULATIONS

### EXECUTIVE SUMMARY:

The staff report recommends the City Council approve an ordinance amending Chapter 3.08 of the Corona Municipal Code to update the City's purchasing regulations.

### RECOMMENDED ACTION:

That the City Council introduce, by title only, and waive full reading of consideration of Ordinance No. 3419, first reading of an ordinance amending Chapter 3.08 of the Corona Municipal Code to update the City's purchasing regulations.

### BACKGROUND & HISTORY:

Chapter 3.08 of the Corona Municipal Code (CMC) governs the City's purchasing process. The current authorization limits were previously approved in 2018.

Since 1988, the City of Corona has participated in the California Uniform Public Construction Cost Accounting Act, Public Contracts Code 22000 et seq. (Act, also known as CUPCCAA). The Act is legislation enacted in 1983 to help streamline bidding procedures for public construction projects and to promote "uniformity of the cost accounting standards and bidding procedures on construction work performed or contracted by public entities in the state" (Section 22001). The Act is a voluntary program

available to all public entities statewide. However, it only applies to those public agencies that have formally approved participation. The Act establishes various thresholds and guidelines for public construction-related projects. Amendments to the Act, effective January 2025, increase the formal bidding thresholds to \$220,000 and allow for public agencies to perform public construction-related projects using their employees for projects up to \$75,000.

#### **ANALYSIS:**

The attached Ordinance amends various sections of Chapter 3.08 of the CMC pertaining to the City's purchasing process. The Ordinance revises the purchasing limits for public construction projects pursuant to the Act. Additionally, the Ordinance increases the City Manager's approval authority for the purchase of materials, supplies, and equipment up to \$220,000 to align with the updated Act levels. Staff is seeking City Council direction regarding the authorization levels for professional and maintenance/general services. The following table outlines the proposed changes:

<b>Position</b>	<b>Current Limits</b>	<b>Proposed Non-Public Projects</b>	<b>Proposed Materials, Supplies, and Equipment (Aligns with the Act)</b>	<b>Public Projects (Aligns with the Act)</b>
Department Directors	\$60,000	Council Direction	\$75,000	\$75,000
Public Works Director, Utilities Director, and Assistant City Manager	\$75,000	Council Direction	Same as Department Directors	Same as Department Directors
City Manager	\$100,000	Council Direction	\$220,000	\$220,000
City Council	>\$100,000	Council Direction	>\$220,000	>\$220,000
Estimated staff cost savings		\$21,068 - \$31,367	\$5,150	\$468

Updating the purchasing limits will align the CMC with the Act. Additionally, the Ordinance updates multiple items throughout CMC Chapter 3.08, to be reflective of current state laws, removes outdated information, and adds clarity. The changes include:

- Defines a Non-Public Project
- Clarifies the role of the Purchasing Agent
- Allows for approval limits to be applied independently, not cumulatively, when vendors are used by multiple departments
- Updates the maximum total of a change order to be equal to the lesser of \$220,000 or 10% of the original contract amount to align with the Act
- Increases the authorization for public project emergency purchasing, up to \$500,000

- Moves the alternative competitive bidding process (cooperative purchasing agreements) for non-public projects
- References the Purchasing Policy and Procedures Manual to provide specific administrative rules surrounding the purchasing process
- Several non-substantive updates to various sections

If approved this evening, after a discussion about the authorization limits for professional and maintenance/general services, the Ordinance would return to the City Council for a second reading at the June 4, 2025, meeting and become effective 30 days thereafter. Once effective, staff will complete revisions of an updated purchasing manual to be used in the administration of contracts and purchasing procedures for all City departments.

**FINANCIAL IMPACT:**

There is no financial impact associated with the recommended action.

**ENVIRONMENTAL ANALYSIS:**

This action is exempt pursuant to Section 15061(b)(3) of the Guidelines for the California Environmental Quality Act (CEQA), which states that a project is exempt from CEQA if the activity is covered by the common sense exemption that CEQA applies only to projects that have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. This action seeks the of City Council approval of an Ordinance increasing purchasing thresholds and making other modifications to Chapter 3.08 of the CMC, and there is no possibility that approving the recommended action will have a significant effect on the environment. Therefore, no environmental analysis is required.
